wedding and event venue

# *Welcome*

---

Join us in celebrating this historical Mississippi River property that spoke to us in 2007 and has written the story that first became The Riverhouse, a Wine Place, The Riverhouse Pavilion, and has added a welcoming chapter known as Amor on the River. The enchantment of the water embraces all who experience the smooth moving body of water. We believe it has spilled over into our lives, our guests' lives, and the lives of the couples that unite here.
